

# Snow-white

- 9 It's so nice to be out and about, Rose-red. I hear there's a village nearby with animals that need help. We're good with animals, right?
- 13 Well, it's what we are good at! Even if it's... not as flashy as other stories.
- 22 You're as brave as ever, Red. I bet your treats are amazing!
- 27 Look. It's nice to see you, Charming, but I think we're doing just fine.
- 40 We are all here for the same reason.
- 48 True. Maybe it's not just about a new look but about showing what's always been good about us.
- 100 Hello, Mr. Boots. What's the smile about?
- 103 I think he's tricking that poor prince.
- 133 (placing a hand on the Prince's shoulder) We face danger together. That's what friends are for.
- 155 Can we trust her?
- 165 Are you sure there won't be any... strange side effects?
- 168 I need a little courage. I trust you witch. Give me the potion.
- 188 Together, we can do anything.
- 198 To bring light where there's darkness!
- 219 That sounds like you belong in a magic show!
- 223 Well, look at us. Not even Hermione Granger's gang had quite this flair.
- 232 Make sure it's nothing that wolves like.
- 239 Yes, I'm sure we'll all need a little magic from time to time.
- 245 He's right. This storm, the tricks, everything... it's made us all a little stronger, a little braver.
